
CPP SPORTS HALL OF FAME

SEPTEMBER

With the onset of the month of September, the C-PP Sports Hall of Fame has officially started its 2022-23 'season'. The culmination of this season will be our 47th Annual Induction Ceremony.

Despite the fact that we missed induction ceremonies for both 2020 and 2021, due to the conditions well beyond our control, we will still consider our event an annual affair. One of the main points of conversation at our first meeting of the season, was it's great to back on track.

We are now considering a bit of a change to our induction ceremony. As most know, we have always had that event on the second Saturday evening of the month of March. That date has not changed. What may change is the plan to turn things into a weekend as opposed to the one day ceremony.

Our plan, which will be finalized in the next month or so, is to do what was done this past year when we finally had the opportunity to induct the Class of 2020. It included a social event at the Corning VFW on Baker Street on Friday evening with a small buffet dinner of pasta with meatballs, a meat dish and potatoes catered by the Woodhouse Stadium Grill, one of our strong supporters and advertisers in our program.

Then the following afternoon, instead of the traditional evening time, we hosted our annual Induction Ceremony that included a light lunch and refreshments. The changes were well received by inductees, guests and friends of the Hall of Fame. Thus, the discussion about changing the plans for the induction ceremony. One of our main desires is hoping to get former inductees of the Hall of Fame, especially those who live in town or close by, to at least attend the social event on Friday night. It's always nice to see any and all members of the Hall of Fame.

We'd also like to remind everyone that now is a great time to start putting together a resume for a former teammate, coach, friend or family member and submit it to either our website or mailing address.

All of that information is now currently available on our new and improved website. Check out the website. We've had a lot of work done on it lately and we have more to add to it in the future. We think you'll like it!
