# CPP SPORTS HALL OF FAME

---

## MAY NEWSLETTER

Here it is the month of May already. It seems just like last week or so that we had our 2023 Induction Ceremony.

That March weekend turned out to be quite the affair that was enjoyed by a number of people. Not only did the folks in attendance enjoy the weekend, but according to our web staffer, the live stream of the Saturday Induction Ceremony had over 1,500 'hits'. One from as far away as England.

Later this month the Corning-Painted Post High School coaches, under the guidance of Athletic Director, Rebecca Gentile, will present the Corning-Painted Post Sports Hall of Fame, Board of Directors with a list of candidates to vote on for the Robert 'Twaz' Thompson Memorial Scholarship. Those two winners will be announced in the newsletter for the month of June.

Anyone interested in nominating someone for possible induction into the Hall of Fame is encouraged to start the process as soon as possible. The deadline for the Hall of Fame's Class of 2024 is October 31, 2023.

It's a rather simple process that can be explained by visiting this website and checking out the form that can be sent to the Board of Directors. You can send the resume via email or it can be mailed to our address:

C-PP Sports Hall of Fame, BOD

P.O. Box 881

Corning, NY 14830

A member of our Hall of Fame has received a national honor.

Ryan Shafer, a member of the Class of 1993, was presented with the Tony Reyes Community Award at the Professional Bowlers Association Hall of Fame & Awards Dinner held last month in Ohio. The Reyes Award is presented to a PBA member who has contributed to the welfare of his community. Ryan has been very involved over the years with the New York State Suicide and Prevention Association. He was recognized for his contributions to the state and local community programs.
