

# CPP SPORTS HALL OF FAME

## SEPTEMBER NEWSLETTER

With the arrival of September comes the new season for the Corning-Painted Post Sports Hall of Fame, Board of Directors. Our 2023-24 season begins with the first meeting of the campaign and culminates with our Annual Induction Weekend during the second week of March of 2024.

Now is the time the board of directors urges anyone interested in nominating someone for possible induction into the Hall of Fame, to send in a resume. Anyone, be it a parent, sibling, coach, friend or neighbor, can nominate someone for possible induction into the Hall of Fame.

It's easy to do and may take just a little bit of your time putting everything together. Located on this website is a generic form that can be used for the nomination. You can fill that form out on line, as per instructions, or make a copy of it to put together a hard copy.

If you're doing it online here, just followed the instructions and hit send when finished. If you prefer to send a hard copy to include some pictures or news articles, that will work just as good. Either way, the Board of Directors will receive the information.

Keep in mind, the deadline for submitting a nomination is October 31, 2023. Any nomination received after that deadline will automatically be eligible for the following year. All nominations should include as much information on the candidate as possible which includes stats, individual awards, team awards and any other pertinent information. All nominations **MUST INCLUDE** the full name, address and phone number or any other contact information needed for **BOTH** the sponsor and the candidate. If that information is not included, there is a very likely chance that the nomination will not be considered and be moved to the following year until that information is provided.

If anyone has any questions, or needs help putting a nomination together, you may contact any member of the Board of Directors. They are all listed on this website. They will be more than happy to assist you.
